Reap the Mana

Landmark Permanent - Feat

(Play me in your Landmarks. I can't gain Fleeting. Complete me to unlock my last effect.)

➔ You may put a card from your Reserve in your Mana zone, exhausted.

When you pass — If there are twelve or more Mana Orbs in your Mana zone, complete me.

After Kojo, she's the second to have managed this feat.

Completed: If one of your Expeditions would move forward during Dusk, you may exhaust me (☞) to make it move forward one more region instead.
